SIXTY-NINTH YEAR No. 23

CEDARVILLE, OHIO, FRIDAY, MAY 3, 1946

PRICE, \$1.50 A YEAR

## DR. WIANT TO ADDRESS METHODISTS

Dr. Warren W. Wiant pastor of the Central Methodist Church of Springfield, Ohio, one of Ohio's outstanding clergymen, is to bring the address of the day to the annual Spring District Conference of the Wilmington District, representative of 21,000 Methodists of southwestern Ohio, which convenes in the Cedarville Methodist Church on May 8th at 10 a.m.

Dr. Wiant was born and reared in Champaign county and is a graduate of the King's Creek High School in Salem Township. His academic training was received at Taylor University, Upland, Indiana and at Ohio Wesleyan University. He was honored with the degree of Doctor of Divinity by Evansville College, Evansville, Indiana in 1925.

Prior to his coming to Springfield in April one year ago, he had been the pastor of Emory Methodist Church, Pittsburgh, Pa., for ten years. Before going to Pittsburgh in 1934 he had served for six years as pastor of the North Methodist Church, Indianapolis, under which pastorate the present Gothic structure was erected.

Dr. Wiant was a member of the General Conference of the Methodist Church in 1924 and 1928 and of the Northeastern Jurisdictional Conference in 1934. He has served the Church as District Superintendent, as a pioneer in Epworth League Institutes in the State of Indiana, and as a member of numerous boards and commissions. He was for eight years from 1924 to 1932 a member of the Board of Home Missions and Church Extension of the Methodist Church.

His present pastorate brings him back into the section of Ohio where he was reared and where he began his ministry as a student supply, serving Christiansburg and Tremont City and Terra Haute.

Over 200 delegates are expected to attend the Conference.

## Rabies Epidemic Is A Possibility

In all probability within the next few weeks Greene County will have an epidemic of Rabies. Some of the neighboring counties are already having cases. Therefore, it seems unlikely that Greene County can escape.

We know definitely that immunization of dogs is successful and epidemics can be prevented if a large percentage of dogs are immunized. Isn't it far better to take action before disaster strikes?

A rabies epidemic is not a pleasant thing. It will mean a dog quarantine with all the problems of enforcement; it will mean immunization of exposed persons; it will mean considerable expense to the county for the payment of claims and treatment; it will mean almost endless irritation for the people and enforcement officials.

All this can be prevented by the inexpensive method of immunizing all dogs. In addition to immunization it will be necessary to eliminate stray dogs which will require the cooperation of the Dog Warden.

To summarize, rabies epidemics can be prevented by immunizing all dogs annually and eliminating strays.

## Miss Basore Now Sec. To University Treas.

Miss Glenna Basore, who formerly lived in Cedarville, has advanced from the position of assistant registrar at Denison University, Granville to the secretaryship in the treasurer's office. The change was effective May 1.

A graduate of Cedarville College, Miss Basore remained with her alma mater for 10 years as assistant registrar and secretary. Since Aug. 1, 1944, she has been on the administrative staff of Denison University. Her new duties will be in the office of Burt T. Hodges, who was recently made treasurer of the university and secretary to the board of trustees.

## TWO SHERIFF SALES

In this issue will be found two sales of real estate under court order by Sheriff Walton Spahr.

One is a farm of 211 acres in Ross township of which Morris D. Rice, of Osborn is trustee against the Universal Reserve System Ltd., et al is defendant. The appraisal is \$18,000.

A sale of property in town on Railroad street has been ordered for the 8th day of June. Esta Pemberton is plaintiff and Harry Pemberton, et al, defendants. The property is appraised at \$700. D. M. Aultman is attorney.

## ALONG FARM FRONT E. A. Drake, Co. Agricultural Agent

### FARM TRAINING FOR VETERANS

Veterans interested in being farm operators, or farm managers are entitled to the On-the-Job training program recently set up in Greene county. Two types of training is provided, —one in which the veteran receives his training on a farm under an Employer-Trainee and in cooperation with a high school and the other in which the veteran receives his training on a farm which he operates.

In each case the veteran will receive a substantial allowance in addition to the pay he receives from the farm. This allowance is provided from the Veterans Administration will be \$80 per month for married and \$65 per month for single men.

Veterans should secure and file Form-1050, together with a photostatic copy of his discharge papers, also a certified copy of marriage license if married. Farmers wishing to employ veterans may secure Form-VT Ag-20 on which they must list the starting and objective wage of the veteran.

### L.H. CONFERENCE MAY 1

Four-H Club officers and leaders will meet at Xenia Central High School Wednesday evening May 1 at 7:30 for their annual spring conference. Thirty-seven club groups have been organized and are expected to have representatives in attendance at which special group discussions will be held for the various officers.

The Cedarville FFA parliamentary team will present a demonstration before the assembly and lead the discussion with the presidents and vice presidents. Doris Hetzler will meet with the Secretary-Treasurer group; Agnes Ballantyne with the news reporters; Margaret Stormont and William Kyle with the recreation leaders. L.H. Club camp committee will meet at the court house Friday evening, May 3 at 7:30 to plan the 1936 camp program. Committee members are Doris Hetzler, chr., Roger Conklin, Robert Fudge, Pauline Ferguson, and Mrs. Pearl Wittemeyer.

Three camps for Greene county youth will be held at Camp Clifton this summer. The senior 4-H camp for members 15 to 20 years of age July 24-29; Older Rural Youth group August 10-11; and the Junior 4-H Camp August 19-24.

### BREEDING ASSOCIATIONS TO MERGE

The Western Ohio and Northeast Ohio artificial breeding associations have decided to merge at Columbus. Committees have been named to draw up a new constitution and to purchase and develop a farm for the new bull stud.

The new organization will be known as the Central Ohio Breeders Assn. Each county with 100 or more members will have a directory on the board. The new organization will be a stock cooperative and counties will be invited to sell stock to association members to finance the farm and the buildings. The membership and breeding fee will continue to be \$5 each.

### DAIRY COMMITTEE TO MEET

Greene county dairy committee members will meet at the court house assembly room Monday evening April 29 at 8:00 o'clock to make final plans for the artificial breeding of dairy cattle in Greene county.

Milo Cooper who was recently employed by the committee as county inseminator has recently spent several days with Dr. John Range, manager of the Western Ohio Breeders Association and later affiliate with the proposed Central Ohio Association at Columbus.

The weed puller and the mowing machine will take the back-seat in the campaign against weeds this year. The new chemical 2, 4-D is the most important weed killer since sodium Chlorate was introduced several years ago.

The new hormone synthetic may be used in extremely dilute solutions. It attacks the growing ability of wide-leaved plants, causing them to "grow themselves to death". The substance does not act quickly. It may require two to four weeks in most cases. Following application the weeds appear vigorous and healthy for a few days before twisting, bending and dying.

It is very effective killing weeds in lawns, pastures, and fence rows. The product is effective against mustard, watererose, buckhorn, dandelion, burdock, ragweed, bindweed and peppergrass. It has little effect on canna-thistle, crabgrass and other noxious grasses.

### BOOST CLOVER YIELDS

Farmers who want to increase the yields of clover and alfalfa should arrange with a beekeeper to place colonies of bees in May near the field from which the seed will be harvested. These two legumes depend upon insects for pollination of blossoms and the natural supply of insects is too small to do a thorough job. One or two colonies of bees per acre is sufficient.

## BREAD AND MEAT LINES IN U. STATES

The recent order of the OPA placing restrictions on unlicensed packing plants as well as those licensed, will cut the retail meat supply to almost nothing.

Packing plants in Columbus, Dayton Cincinnati and scores of smaller cities have been closed down to this order. One plant in Dayton usually supplying 40,000 pounds of beef daily is now closed down and few retail stores in that city have any meat.

There is general complaint of the government meat inspectors, called graders, who must brand the meat as to class before it can be delivered. Packers purchase first grade cattle that pass the pure food test at time of slaughter but to have that same carcass graded second or third class, means the packer must take a heavy financial loss.

Mr. Walter Cultice, Xenia packer, says his plant cannot kill in one week what was his usual output in one day.

This means Xenia retailers will have a very limited supply of meat for the retail trade. Two local stores here have been supplied in the past by the Cultice firm.

City bakers that make delivery to local stores have already cut the supply 25 percent daily. One firm says another cut may be made within ten days unless pigs, cakes are dropped.

Patrons of the bread trucks that travel rural highways and make house to house deliveries gave a startling notice Thursday to patrons that hereafter only one loaf of bread would be delivered to a family, no matter how many plates were served daily. This sent many rural housewives into a rage.

No bread is being baked by the local bakery and none has been other than rolls and buns for some time. One former Cedarville lady now residing in Xenia, called us by phone Thursday and stated she had been unable to get meat at either of the three largest chain stores. It can be predicted that she with others will purchase still less meat and butter as the weeks approach.

A representative of a large packing plant relates how one retailer had treated a seeker of beefsteak. This retailer had been reported by a CIO follower to the OPA which levied a fine. Several days ago the wife of a CIO leader asked for steak but instead she received a lecture. She was told neither she nor her husband could have a pound of any kind of meat that day or anytime in the future.

That day the "Chickens came home to roost."

### SALESMAN SUFFERS

#### STROKE; FOUND IN CAR ON COLUMBUS PIKE

F. S. Brush, Jr., Schenectady, N. Y. was found slumped in his car at a bridge on the Columbus pike east of town about Sunday noon. Dr. Donald Kyle was called and after examination had the patient sent to Springfield City Hospital. Just how long the man had been there no one knew but the lights on his car were still burning when Deputies Barnett and Spahr of the Sheriff's office investigated. It was evident he had been in an unconscious state for several hours. The car had crashed against the guard rail but was not damaged to any extent.

The Sheriff's office reported Thursday that the hospital reported the case due to a stroke of some sort as he had not been able to give an account of himself.

Thursday the Herald learned that Mr. Brush represented the General Electric Company. A representative out of Columbus was in town making an investigation and went to Springfield to visit the hospital.

### Will Publish List

#### County OPA Backers

We have written Senator Robert A. Taft to give us a list of letter-writers from the various postoffices in Greene county that want OPA continued as it has been (blackmail methods and all). In as much as ninety percent of the mail going to Senators is provided by OPA salaried supporters and the CIO, it would make interesting reading to know just who in Greene County fly that flag and the Herald will publish the name and address if the list is furnished us from the Senator's office.

### THE FIRST GRANDCHILD

Word has been received here of the arrival of a son born to Capt. and Mrs. Malcolm Finney at Ft. Bragg, N. Carolina on April 27. This is the first grandchild in the family of Mrs. E. E. Finney of this place.

## Sawyer Says America Is No Longer Richest Nation In World

Chas. Sawyer, Dem., well known in Ohio, in an address before the Kiwanis Club, Columbus, said: "We must soon recognize the limits of our resources as well as the limits of our obligations." Mr. Sawyer just recently returned from Belgium, where he was U.S. Ambassador.

Sawyer also said: "It is mathematically demonstrable that we cannot feed the world. We must face the fact that the United States is no longer the richest nation. Recognition of our domestic and foreign policy to this fact is a dictate of common sense."

## You Don't Need Protein Feed In Summer Time

Every farmer in the county should have heard the WLW farm program last Saturday. If you did not you have missed something.

Roy Battles, who does the heavy work on farm topics for the station, announced a "Dr. Smith of the Agricultural Department in Washington would speak on the food situation."

The point in the talk that interested us was what Dr. Smith had to say about it being fortunate the livestock feed shortage came at a time when it would not make much difference, as the cows would give as much milk on grass without feed as with it. He did not go into detail about how the butterfat content compared with no feed as with it.

We do not know how the WLW farm in Warren county operates but if the cows that graze the hill sides on that farm turn out as much milk and butterfat without feed, there are millions of farmers in the U.S. that would like a chart of the program so they could save feed and get "as much milk."

The farmer handles a different kind of test than what the experts in Washington gave twice a month. The farmer must feed to get results from his milk source and pay income taxes to keep the Washington test from shrinking. It is all New Deal propaganda to play the farmer as the nation's outstanding sucker.

### Senator Capper Calls

#### Bonus Black Market

Senator Arthur Capper, Rep., Kan., says the administration in placing a bonus of 30c a bushel on wheat was operating a black market in the "name of world charity." He termed the move purely political.

He pointed out in his speech in the Senate that paying 30c over ceiling prices was a violation of the law that others are being prosecuted under. He referred to the action of the administration some time ago begging farmers to sell their wheat for shipment abroad. "Many did sell while others did not. Those who were moved patriotically generously sold, while today the farmer that did not sell before is tempted with a bonus of 30c a bushel which is nothing but a black market operation. The government he says broke faith with the farmers that sold their wheat on the first appeal."

### Wilberforce Quartette

#### Here Sunday Eve

A quartet from Payne Seminary, Wilberforce University, will give a concert of spiritual music Sunday evening in the U. P. Church at 8 o'clock. In the group will be L.C. Brown, Texas; Rev. P. Lucas, N. Carolina; Gordon Franklin, Tenn.; and Rev. George Bell, pastor of the local Zion Baptist church. The latter has written a number of poems and will read several at the Sunday evening service.

### ONLY A FEW THAT HAVE

#### PLANTED CORN IN APRIL

It is going to take an individual of mature years and a vivid memory to be able to say just what year it was that had as much ground broken for corn and in condition for early planting as we had on the last week of April this year.

The first corn planted was last week on the Roy St. John farm north of town on the Clifton Pike. Another piece being planted Saturday was on the Beatty farm near the East Point School House on the Columbus pike.

### BETTER LOOK FOR THE COP

#### BEFORE DOUBLE PARKING

There is an interesting announcement on Page Four of this issue. It comes from the Village authorities and concerns just what the trend of events will be when you double park. Better keep the notice in mind when double parking.

## PROPERTY OWNERS ARE FOR SEWERS

The recent rains and soaked earth while welcome for some are causing property owners in town that have only private sewerage disposal plants quite a bit of trouble. Some of the sewerage has backed up to the property while others find their yards standing in water which will menace health if the weather should get warmer.

The Herald has had three complaints registered this week by property owners that are seeking relief. They can do nothing more with the private system and are anxious to know what has become of the municipal sewerage extension plan.

Marion Hughes reports that conditions in his section on Miller st. are terrible and he thinks council should put more steam behind the sewerage improvement before property owners are forced to spend money now on the private plants.

Mr. Hughes, well driller, was formerly a member of the Board of Public Affairs and says the village has waited too long for the sewerage extension and that he and other property owners on Miller street asked for relief more than a year ago. "We are also informed that a number of residents on North and Elm streets are anxious to have the extension rather than invest now in private sewerage disposal plants."

The Herald learns that council has not dropped the matter and is still trying to work out a solution to a situation that must be settled first.

Mr. Hughes states that the proposal to employ a non-resident at \$800 to make a survey here about electric rates is but throwing money away that will be needed to apply to the sewerage system and upkeep of the water system. Both the water supply and sewerage disposal are necessary for maintaining good health standards in the community.

## "Conservation" Was D. A. R. Topic

Efforts of the government to control soil erosion were discussed by Mrs. Mary Fay Bryson, Xenia, in a talk on "Conservation" before Cedar Cliff Chapter D.A.R., at the home of Mrs. Warren Barber, Saturday afternoon.

"Water is indispensable but it can be destructive," Mrs. Bryson declared as she discussed the government's program of planting trees to aid in controlling soil erosion.

Mrs. Raymond T. Williamson, recent president and Mrs. Walter Condon, chaplain, conducted the D.A.R. ritual. Mrs. Williamson introduced Mrs. S.F. King, Yellow Springs, who has transferred to the Cedarville Chapter from a Nashville, Tenn., chapter. Miss Eleanor Kyle, Ellis Island chairman, reported twelve knitted articles had been sent by the chapter to Ellis Is. Mrs. Barber assisted by Mrs. Ethel Buck and Mrs. George Beasley, served a dessert course to twenty-six members and one guest.

## To Rule Friday On New Trial Motion

Common Pleas Judge F. L. Johnson is expected to rule today on a motion filed by counsel for a new trial for George Dean, 45, convicted by a jury April 12 on two counts of first degree manslaughter.

Dean went on trial on a second degree murder charge for the fatal shooting March 1 of two patrons in the "Bib and Bride."

Sam Kelly, Dayton, counsel for the defendant, has indicated he will appeal if his new trial motion is denied. Sentence has been deferred pending decision on the new trial.

## POULTRY PASTURES A MUST

Feed shortage makes maximum use of poultry pastures a "must" in growing pullets this year. Pastures will replace 5 to 15 percent of the feed ordinarily fed if a restricted feeding program is followed. On a good range enough mash may be fed in the morning to last only until noon. A full feed of grain should be fed in the evening. For pasture you can use what is available such as blue grass or meadow. Annually may be seeded such as oats, 2 bushels and rape 5 pounds per acre. A good range pasture which may now be seeded for next year should contain Ladino clover along with other clovers and grasses.

### NOTICE

The annual meeting of the lot owners of North Cemetery will be held at the Twp. Clerk's office May 6th, 1946 at 8 o'clock, for election of officers and any other business.

COLIN BARBER, Sec.

## Fire Protection For Farm Property Under Consideration

The township trustees met Saturday night with a representative of a company that makes fire equipment for rural sections. The conference so far as the officials were concerned was to gather information and probable costs so that a definite statement could be given the public later.

The trustees will call a special meeting on Thursday, May 9th at 8 p.m., when Mr. Scott of the State Fire Marshal's office will be present along with a representative of the county auditor's office and a salesman. Farmers and land owners in the township are urged to be present at this meeting.

## New Fire Hose Arrives In Case Of Need

The shipment of 200 feet of 1 1/2 fire hose to be used with special nozzle during fires has arrived and placed ready for use. The use of smaller hose with special nozzles uses less water and is more effective before a fire gets beyond control.

### ANNUAL SPRING FESTIVAL

The annual spring festival of the music department of the local High School will be held in the Opera House Friday evening, May 10th.

## COLLEGE NEWS

The Summer Session of Cedarville College will open June 10th. Indications are for more than double the number of students of last year. As in former years, opportunity will be given for practice teaching in the first term. This will be an opportunity for children, who because of sickness or other reason, need to make up work. Parents who are interested should contact Prof. Hostetler or the College office.

Pres. Vayhinger was in Columbus Tuesday to attend the meeting of College presidents of the state, called to consider the GI educational situation. Indications are that in Ohio the number desiring to enter college who cannot be cared for is more than 10,000. A further acute problem is how to house all those that can be cared for. Those who have rooms or apartments they are willing to rent will do the GI's, the community and the college a favor by contacting the college management soon. The GI's must not be let down. Democracy is on trial in more ways than one.

Word from Lee Miller says he plans to enter Rice Institute, Houston, Texas to work toward his Master's Degree. At present he is teaching in the Houston school system. Both Lee and his wife, the former Lillian Gilliam, are Cedarville Alumni.

The Annual meeting of the C.C.A.L. union will be held Saturday evening, May 18th, in the Alford Memorial Gymnasium. The dinner will be at 7 o'clock and will be followed by a program and social hour. Among other matters that will receive consideration is the rehabilitation campaign, the Alumni branch of which is headed by Dr. John W. Bickett, 197. Reservations can be made with Miss Mabel Stermont, Alumni sec. treasurer, on the College office. One dollar per plate.

Several of the large trees of the campus must come down. A fine maple was taken down this week because of the damage it was doing to two evergreen trees. Others will come down for the same reason, and still others because of disease. This means more tree planting would we keep the beauty of the campus.

Page Dan Cogdal  
Mrs. Ira D. Vayhinger left Tuesday morning for Los Angeles, Calif., to attend the wedding of her son, Lt. Robert B. Vayhinger, USNR, to Lt. (j.g.) Mary McDonald, USNR, on May 16.

Cards are out announcing that Miss Marionna Frederick will marry Mr. Emory F. Beirels, Tuesday evening, May 7th. The event will take place in the local Methodist church at 7:30. Miss Frederick plans to finish her preparation for a teaching certificate by the close of the coming summer term. Mr. Beirels plans to enter Cedarville College at once under the GI bill.

Announcement was made this week by Dr. and Mrs. Leo Anderson, that their youngest daughter, Miss Margaret, former CC student, now a senior at OSU, will marry Lt. John Reinhard, '42. The wedding will occur in June.

Again we say, Page Dan Cogdal! And heartfelt congratulations and good wishes to all concerned.

## GREYHOUND GETS C. L. E. BUS LINES

Reports are that the Greyhound Bus Lines, a nation-wide transportation system, has purchased the Cincinnati & Lake Erie System that has a division from Xenia to London through this place.

The CLE operates a line between Cincinnati and Toledo through Dayton, and one out of Springfield and Dayton. Also owns the Hamilton and Lima City street car lines and buses. The entire system is being turned over to the Greyhound System.

No public announcement has been made as yet, awaiting approval of the Ohio Utilities Commission.

Charles Rheupert has been supervisor of the Xenia-London division and states he does not know anything more than what he reads in the papers.

A definite announcement is expected in a few days. Reports are the Greyhound will operate through here on an hourly basis between Cincinnati and Columbus, with some buses going to Cleveland and the East.

### Fair Board Member

#### Died Monday Eve

A. B. Lewis, 73, who has been a member of the Greene County Fair Board for nearly twenty-five years, died Monday evening at 4:50 p.m. at his home on the Hussey pike, near Bowersville. He had not been in good health for some time. He was a member of the Xenia Ave. Methodist Church in Bowersville.

Surviving are three sons and two daughters, Ralph E. Jamieson, Herman, Dayton; Roy, Xenia; Mrs. Pearl Kline, Xenia; Mrs. Lepore Jones, Dayton; eight grandchildren, six great grandchildren and a brother, Fred, Bowersville. His wife, Mrs. Clara Alice Barley Lewis, whom he married March 12, 1891, died in 1940.

### May Musical To Be

#### Friday, May 24th

Mrs. Fred Clemans has been appointed chairman of the Reception and Sociality Committee of the Cedarville May Musical which will be held in the United Presbyterian Church the evening of May 24th. The committee members will be Mrs. Walter Hilt, Mrs. Melvin McMillan, Mrs. Leon Kling, Mrs. Donald Kyle and Mrs. Raymond Williamson. The Musical sponsored by four Women's Clubs will be open to the community and will be produced by local talent of the Cedarville Community.

## Grange Tops State Goal In Greene County

Greene County chapters have exceeded the goal assigned by the Ohio State Grange in attempting to surpass a state membership of 100,000 by the end of 1946.

Goal for local chapters numbering 10 in this county, was 1,251 members and to date more than 1,300 members are enrolled. Typical of an extensive membership drive is a recent induction of a class of 24 candidates by Xenia Grange.

In addition to Xenia, the other nine granges are Bath, Beaver, Bellbrook, Caesars Creek, Charley, Jamestown, Miami, Pleasant and Spring Valley.

Membership in Greene County granges is higher at present than at any time in local history. J. Ernie Hutchison, deputy state master in this county, disclosed.

### WESTMINSTER S. S. CLASS

#### MET TUESDAY EVENING

On Tuesday evening the Westminster Class of the First Presbyterian Church met at the home of Mr. and Mrs. John Powers, with Miss Betty Crumrine as assistant hostess. Thirty-four members of the group were present. At this time the officers took their places: Mrs. John McMillan, president; Mrs. Harold Hanna, vice-president; and Mrs. James Crumrine, secretary-treasurer.

The devotional period was conducted by Herbert Powers. The president presided at the business session, and then presented the discussion leader, Mr. Harold Hanna, who told in a very interesting way some of his experiences while in the service in the India-China-Burma Theatre.

At the close of the program, contacts were arranged by the business session and were played and enjoyed. Refreshments were served during the social hour.

# THE CEDARVILLE HERALD

Entered as second class matter, October 31, 1897, at the Postoffice at Cedarville, Ohio, under the Act of March 1879.

FRIDAY, MAY 8, 1944

## LET'S ALL OF US GO ON NEW DEAL STRIKE

Let's stop kidding ourselves, petting, temporizing, politicking and let the infernal strike situation boil down to a reality where it affects each and everyone. John L. Lewis is no more to blame than Mr. American citizen who sits supinely back and let the New Deal Democratic Congress pass the Red Wagner labor law which gave John L. Lewis, and other labor leaders just what they wanted. Roosevelt had no interest in the public but he had to pay organized labor for votes—at your expense. We say let the coal strike continue even though it closes down all interests and stops production. With that we will have more time to think common sense which always follows hunger.

## DO NOT GET EXCITED OVER FOOD SITUATION

From all reports we get there is a serious world shortage of food stuffs. This is admitted. It takes no master mind to untangle the situation as to the "ways and wherefores". The trouble has not been in the "ways and wherefores" but in the "what and how". We have had as much dry weather in crop time as anywhere else and we have always pulled ourselves through. Heretofore we have had an abundance of grains in storage, year in and year out. That is we did have until the nation was forced to adopt the scarcity plan of killing the pigs and plowing under a part of the growing crops. It was not a master mind that unveiled that theory. That came from a crackpot that was a miserable failure in his own private business, in fact he stands today a dead-beat in the courts with an unpaid judgment against him.

History for years has always recorded both plenty and famine in the same country—India. The location of the country and its immense territory makes this possible. The country is largely populated with the uneducated. The same story can be said of China. Food shortages are most frequently due to inability to produce for their own wants.

The recent exposure of waste of food by the war department should awaken the public to the fact that it is not altogether together your "Garbage Pail" that is so rich in vitamins but the administration has need of setting its own house in order. The waste of food about army camps is admitted by any veteran that ever had "KP" order placed in his hand. Moreover most of the veterans admit there was a terrible waste of army supplies that were supposed to be turned over to the distressed in captive countries.

Then we had waste here at home. You will recall the millions of pounds of rancid butter paid for by the government and was sold to the soap companies. One veteran told us of his experience in an army warehouse that had thirty freight car loads of canned pineapple in storage two years.

Seventy-five percent of the "relief" campaign today is not only political at home but mixed in world politics. The New Dealers have reaped millions in purchase of food and resale to the government for shipment abroad. Herbert Hoover may not release a story of all that he has found out at this time. When he does it will be that so far certain religious sects abroad have had an abundance of food while others in the same community were at deaths door. Drew Pearson tilted the lid last Sunday night on this one point.

Bread lines at home are just as much of a prospect within six months as the condition of any country abroad. When the Communistic broadcasters in this country begin to lambast the Agricultural Department as bungling the food problem at home and abroad, you can mark it down the trouble is not so much abroad, as it is at home. When the Henry Wallaces and the Roosevelts travel the earth to paint you as an open hearted American that will feed the world without their own effort then we have to pay the bill.

Mr. Truman's tears and his prayers may weaken some, but those who are not influenced by any "whiskey drinking poker player" will not get excited over present world condition.

## PINK SALVARINE

### For Your House Cleaning

Cleans Perfectly Without Soap

A SAFE, ECONOMICAL and QUICK ACTING CLEANER

Pink Salvarine is put up in two convenient packages. One pound size for the kitchen; the economy four pound size for the laundry and housecleaning. It is economical because the color indicator tells you how much to use. Light green solution is sufficient for general cleaning purposes. If you use too much the water turns yellow.

Pink Salvarine can be purchased at Groceries and Hardware Stores.

Hundreds of samples of Pink Salvarine were sent to Greene County homes. If you did not get a sample simply ask your Grocer or your Hardware merchant.

Thousands of Housewives have tried this wonderful discovery and you will get the same result if you try your Sample package

Fine for Washing Walls, Woodwork, Floors, Carpets and Dairy Utensils. Also for washing Windows, Glass or Silverware. It will clean your Carpets and Rugs. Directions for using on each box and how much to use.

PRICES — One pound 25c; Four pound, 75c

**Heider Chemical Co.,**

COLUMBUS, OHIO

You will recall as a reader of the daily press how the late FDR confiscated the large mail order firm of Montgomery Ward Co., Chicago, when the CIO closed the plant by pickets as a result of a strike. Such acts in these days were just past time for FDR and the CIO. The government had taken over numerous plants making war supplies and did not cover a wholesale or retail business any more than it did your farm or a retail business. There never was any executive that had as little regard for the law or the rights of individuals than the Hyde Parkers.

You will recall that Chairman of the board of directors was thrown out of his office by the army and the cry went out from New Deal headquarters and the CIO that they would bankrupt the firm as an example so that no other firm would question their motives and no one would dare take issue with the White House dictator.

"As the radio comedian says 'Let's look at the record' and see what has happened since the New Deal wrecking took place. The annual meeting of the Montgomery Ward Co. was held a few days ago and directors re-elected. The financial statement showed that sales had increased 33 percent or equal to \$2.60 a share for the last quarter, a new record. An interesting item in the financial report is that the company had to refund the huge sum of \$350,000,000 to customers that sent in orders which could not be filled due to the shortage of materials. When you add up the increase in business, increased profits and refunding such a sum to customers, it heavily looks like the New Dealers and the CIO had done a very good job of selling the firm short on popularity. It was the reverse for the public never approved of FDR's action as playing the role of a thug for the CIO to brow-beat Sewell Avery, chairman, who stood his ground as long as he could to defend the company's business.

Now we come to a part of this little history that a lot of you never knew. The strike was over wages and closed shop, all employees being forced to belong to the CIO and the company required to collect the union dues. The first thing Roosevelt did was to increase the wages and put all employees in the CIO. This additional wage increase amounted to about a million more each year. The company was operating under OPA but that was no concern of the "new manager" for an order went out to increase the cost of merchandise. The public was required to pay that but with the New Dealers waving the war flag few ever knew what was going on. FDR paid the increase by using government money from the public treasury and when the business was turned back to Mr. Avery and his company, the firm owed the government a million dollars, which was lost due to the cost of goods, overhead and wages, being less than the total income. The recent financial report shows that the company has paid \$675,000 of the debt due to government owing to mismanagement and still owes \$325,000. FDR put a brass-hat army stigma in charge of the business that had to be shown the way to the elevator each day.

The Montgomery Ward story was what other firms had that were taken over by FDR. On war contracts the firm had its cost-plus increased to make up for the increased CIO wages. You paid in your income taxes and in the purchase of war bonds. All the individual received in return was a hand-full of "soft soap". Mr. Avery is still living and heads a company that is still alive and prosperous. We hope he don't shoot himself so that his family and friends will be ashamed to have the casket opened before or after the funeral service. Men that shoot themselves are usually de-moted.

## SHERIFF'S SALE

### REAL ESTATE

The State of Ohio, Greene County, Common Pleas Court, Case No. 24341, Estate of Pemberton Trustee, Plaintiff, vs. Harry Pemberton, et al., Defendants.

In pursuance of an Order of Sale in Partition in the above entitled action, I will offer for sale at public auction, at the West Door of the Court House in Xenia, Ohio, on the 8th day of June 1944, at 10:30 o'clock A. M., the following real estate, situated in the County of Greene and State of Ohio, and in the Village of Cedarville to-wit:

Being part of Military Survey entered in the name of William Tompkins, No. 3745, and bounded and described as follows:

Being all of Lot Number Thirty-Four (34) in G. W. Dunlap's Addition to the Village of Cedarville, Greene County, Ohio, being the same premises conveyed to Thomas W. Spencer by Thomas M. Harris and wife by deed dated March 30, 1913 and recorded in Vol. 25, Page 278 Deed Records of Greene County, Ohio, and last recorded 11-7-1919 in Record of Deeds Vol. 23 Page 289, Greene County, Ohio.

Said premises Appraised at \$700.00 Seven Hundred Dollars and can not sell for less than two-thirds the appraised value thereof.

Terms of Sale: Cash; 10 percent on day of sale and balance on delivery of deed.

WALTON SPAHR, Sheriff of Greene County, Ohio; Dan M. Aultman, Attorney.

Farmers in this part of the county are not in a very good frame of mind and have anything but a good word for the International Harvester Co. Following the death of Mrs. Dorothy Wright, the agency has been discontinued here. Mrs. Wright built up the business second to none in the state according to the farm population of the county. The company has not even an agency for supplies or parts and farmers having a break have to make new connections. The matter was taken up by a local civic club but the company has stood pat against another agency, yet we are told at least two or three persons who had ample finances would like to have had the agency, but they were turned down. The company will no doubt realize later what the local business amounted two. Farmers will naturally take on new lines as their IHC machinery wears out. Ten years or more ago The Ford Motor Company discontinued that agency here at a time

## SHERIFF'S SALE

### OF REAL ESTATE

The State of Ohio, Greene County, Common Pleas Court, Case No. 24154, Morris D. Rice, as Trustee, Plaintiff, vs. The Universal Reserve System, Ltd., et al., Defendants.

## Club and Social Activities

George H. Ahels, quartermaster third class, of the U.S. Navy, a son of Dr. and Mrs. H.H. Ahels, has arrived here for a vacation at home. He is stationed at Green Cove Springs, Florida.

The Kensington Club will meet May 9th with Mrs. Howard Turnbull. This will be an all day meeting. Please note change of date.

Mrs. C. H. Crouse has given up her residence here and moved to Xenia the past week.

Lt. Com. Paul Orr arrived home this week after more than three years service in this country and in the Pacific. He was discharged at Chicago. Lt. Com. Orr had been stationed in the area of the Pacific storm but had left a day previous on a trip to China. He experienced an unexpected forced landing at Guam that damaged the plane. This made his trip to India impossible. Mrs. Orr joined her husband at Cincinnati from Chicago and they visited several days with his father at Fair Haven before coming here.

### STRIKELARY NUPTIALS PERFORMED IN KENTUCKY

Announcement is being made of the marriage of Miss Ada Ary, daughter of Mr. and Mrs. Floyd Ary, Xenia, and Mr. Elmer Strickley, Jr., Xenia. The double ring service was read by Rev. Carl Taylor at his home in Covington, Ky., April 30th.

Mr. and Mrs. James Melvin, Dayton brother-in-law and sister of the bride, were attendants.

Mrs. Strickley is a graduate of Cedarville High School. Mr. Strickley is the son of Mr. and Mrs. Elmer Strickley, Sr., W. Main St., Xenia and attended Central High School. He was discharged from the army in November after serving three and one half years. He is employed as an inspector at the National Cash Register Co., Dayton.

WE PAY Top Market Price for HORSES & COWS According to Size and Condition SMALL ANIMALS REMOVED PROMPTLY FARM BUREAU COOP ASSN. Call Collect Xenia 756 Dayton, Kenmore 5742

## TUESDAY PRIMARY DAY

Tuesday is primary election day for each of the political parties when nominations will be made for state, and county offices that fall due this year. There will be various local issues before the voters. No village or city or township offices are to be filled this year.

Republicans are urged to double their efforts to get out a good vote and register their protest against certain things objected to by the administration. A full vote will do much to check the wild Communistic experiment now going on in Washington.

Greene county has always given former Governor John W. Bricker a big vote and he should have the same for U. S. Senator without opposition for the nomination. If you are not informed as to the merits of the Republican candidates, state and judicial, don't hesitate to call this office. Be sure to come out Tuesday to vote.

### HONORARY SOCIETY MET

Six candidates were accepted into Omega Chapter of the National Honor Society at its annual meeting at the High School Friday evening.

They were Messrs. George Frame, Dempwolf Frey, Kenneth Wilburn, Misses Kathleen Evans, Irene Turner and Joan Whittington.

Miss Margaret Stormont, president, presided at the candle-lighting service and Miss Claire Stormont was guide.

Mr. William Ferguson represented scholarship; Mr. Wayne Corry, leadership; Miss Marianna Frederick, character and Miss Frances Huffman, service.

Following the initiation officers were elected for the coming year. They are Mr. Wayne Corry, president; Mrs. Harold Hanna, vice-president; and Mrs. Jack Huffman, secretary-treasurer.

A covered dish supper was served in the school cafeteria in charge of Miss Margaret Stormont and Mrs. James Crumrine, assisted by Miss Carrie Bife, high school principal. A pink and green color motif was employed in the appointments and spring flowers decorated the tables. Present at the supper were the new candidates, high school faculty, members of the honor society and their families.

MISS MARIANNA FREDERICK TO WED MR. EMORY BEIREIS

Rev. and Mrs. R. C. Frederick are announcing the approaching marriage of their daughter, Miss Marianna, to Mr. Emory Franklin Beireis, Dayton, which will take place Tuesday evening, May 7, at 7:30 o'clock in the local Methodist Church.

Rev. Frederick, father of the bride and pastor of the Church of God, will officiate at the service. The bride will be given in marriage by her grandfather, Mr. J. H. Frederick.

Miss Elnora Beireis will be maid of honor and Miss Pearl Beireis will be bridesmaid. Nancy Church, cousin of the bride, will be flower girl. Mr. Albert Frederick, brother of the bride will serve as best man and the bridegroom's brother, Mr. Curtis Beireis, will be head usher.

Miss Gloria Ahels will be organist for the service and Miss Donna Thompson will sing.

Following the service members of Chi Sigma Phi Sorority of Cedarville College will be hostesses at a reception.

Miss Frederick is a graduate of Cedarville High School and is enrolled as a freshman at Cedarville College. Mr. Beireis, a World War II veteran, is the son of Mr. John Beireis of Dayton.

NOTICE OF APPOINTMENT

Estate of Edward H. Brown, deceased.

Notice is hereby given that William S. Rogers, has been duly appointed as Administrator W. W. A. of the estate of Edward H. Brown, deceased, late of Cedarville Village, Greene County, Ohio.

Dated this 1st day of May, 1945, WILLIAM B. Mc CALLISTER Judge of the Probate Court, Greene County, Ohio.

When your house is served with Natural Gas, the little gas pipe that connects your gas range, fireplace heater, furnace or water heater becomes part of a vast network of pipes carrying thousands of MagiCubes of Natural Gas from distant places to work for you.

Huge cross-country pipe lines bring clean, economical Natural Gas all the way from Texas and West Virginia... through forests, over mountains... from the gas wells to your home.

Twenty-four hours a day compressor stations supervised by trained engineers are at work forcing Natural Gas through hundreds of miles of pipe lines!

Every time you turn on the clean blue flame to heat your teakettle, you summon MagiCubes to serve you. Every time you light your oven, you use the magic made possible by the whole complicated system of Natural Gas supply. Yet the convenience of gas—the cleanliness, flexibility and dependability of gas service—is one of the cheapest things you buy! That is because the Natural Gas system serving you is scientifically constructed, carefully maintained, expertly managed by business men who have spent their lives in public service.

Every time you light your oven, you use the magic made possible by the whole complicated system of Natural Gas supply. Yet the convenience of gas—the cleanliness, flexibility and dependability of gas service—is one of the cheapest things you buy! That is because the Natural Gas system serving you is scientifically constructed, carefully maintained, expertly managed by business men who have spent their lives in public service.

COMES MANY MILES AT YOUR BECK AND CALL

NEBRASKA IOWA KANSAS OKLAHOMA TEXAS ARIZONA CALIFORNIA ALABAMA MISSISSIPPI LOUISIANA MISSOURI KENTUCKY TENNESSEE VIRGINIA NORTH CAROLINA SOUTH CAROLINA

When your house is served with Natural Gas, the little gas pipe that connects your gas range, fireplace heater, furnace or water heater becomes part of a vast network of pipes carrying thousands of MagiCubes of Natural Gas from distant places to work for you.

Huge cross-country pipe lines bring clean, economical Natural Gas all the way from Texas and West Virginia... through forests, over mountains... from the gas wells to your home.

Twenty-four hours a day compressor stations supervised by trained engineers are at work forcing Natural Gas through hundreds of miles of pipe lines!

Every time you turn on the clean blue flame to heat your teakettle, you summon MagiCubes to serve you. Every time you light your oven, you use the magic made possible by the whole complicated system of Natural Gas supply. Yet the convenience of gas—the cleanliness, flexibility and dependability of gas service—is one of the cheapest things you buy! That is because the Natural Gas system serving you is scientifically constructed, carefully maintained, expertly managed by business men who have spent their lives in public service.

### NOTICE OF PUBLIC SALE

In pursuance of an order of the Probate Court of Greene County, Ohio, I will offer for sale at public auction on Saturday, May 25, 1946, at 10:00 o'clock A. M., at the West Door of the Court House in the City of Xenia, Ohio, the following described real estate, to-wit:

"Situated in the County of Greene in the State of Ohio and in the incorporated Village of Cedarville and bounded and described as follows: Being the whole of Lot Number thirty-two (32) Dunlap's addition to the village of Cedarville, more fully described on the records of the plat of said Village now on file at the Recorder's Office in said county.

Said property is located on the northwest corner of McMillan Street and Railroad Street in the Village of Cedarville, Ohio.

Said premises are appraised at thirteen hundred and seventy-five dollars, (\$1375.00), and must be sold for not less than two-thirds of said appraised value.

Terms of Sale: \$500.00 cash by successful bidder on day of sale, and the balance within two weeks thereafter and upon delivery of deed.

Said premises are sold under order of the Probate Court of Greene County, Ohio, in the case of Kenneth L. Little, Admr., of the estate of Isaiah M. Little, vs. Josephine Fauley et al., Case No. 5118.

KENNETH L. LITTLE, Admr., Estate of Isaiah M. Little, Dec'd.

### IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D.D.  
Of The Moody Bible Institute of Chicago.  
Released by Western Newspaper Union.

Lesson for May 5

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

TWO BROTHERS LEARN TOLERANCE

LESSON TEXT—Mark 3:14-17; Luke 9:40-50; I John 4:7, 8.  
GOLDEN TEXT—And this commandment have we from him, that he who loveth God love his brother also.—I John 4:21.

Intolerance is soundly condemned in our day, and we agree that the spirit which hates or hinders a man because he is of a certain race or color is definitely wrong. Even within Christian circles we could well learn a lesson of that fineness of Christ which is epitomized in the words, "no respecter of persons."

A word of caution is needed, however, lest we come to extend our tolerance to that which is sinful, wicked or destructive. One should never tolerate poison in a child's food, or in his textbooks. One does not tolerate a fire while it destroys one's house. Nor should one be tolerant of false teaching which breaks down faith in the Bible as the Word of God.

James and John were outstanding in their places of leadership for God. We learn in our lesson for today that

I. God Wants Powerful Men (Mark 3:14-17).

There seems to be an impression current in some places that being a Christian is practically synonymous with being a weak, frightened, negative person without either personality or power.

The fact is that the gospel of our Lord and Saviour Jesus Christ rightly interpreted and fully received, into the heart and life of a man, brings such a tremendously enriching and transforming experience that it appeals to all, including the vital, dynamic type.

These two men were "the sons of thunder"; that is, they had that flashing alertness and power of personality which made them quick to understand and decisive in action. True, it showed itself in an impetuosity which was wrong and a desire to bring down judgment, when they should have shown compassion, but that was power out of control, always a dangerous thing.

II. God Wants Balanced Men (Luke 9:49, 50).

Power goes to a man's head, and he needs the balance of God to keep him from going astray. Then too, strong men have intense loyalties and are not afraid to assert them, and are prone to condemn all who do not conform.

John was here exhibiting that dreadfully sectarian viewpoint which persists even in our day. To him it was not enough that a man was doing the Lord's work; he must either join their particular circle or quit. He was willing to stop a work of grace because this disciple of Christ was not in the regular group. That same spirit prevails today.

One wonders how some narrow sectarians can read the words of Jesus without blushing in shame and reaching to his feet for forgiveness and cleansing.

God wants dynamic men to work for him; but he wants them to be poised and balanced in their dealings with others, especially with the brethren.

III. God Wants Patient Men (Luke 9:51-56).

The friction between the Jews and the Samaritans dated from the time when the latter—a half-Gentile people—were denied the right to help in building the temple. That became the foundation for long and bitter strife, which showed up in such a discourteous act as to refuse a night's lodging to travelers because their destination was the hated city of Jerusalem.

Their offense viewed from another angle was far more than a bitter lack of courtesy, for they were turning from their door the Son of God, the Lord of glory.

Stubborn prejudice combined with spiritual ignorance to make this tense and explosive situation. The sons of thunder had an answer ready—let's blow them off the earth. Simple, wasn't it? Yes, but neither right nor kind. These poor people should have drawn forth their compassion, not their hatred or a desire for revenge.

Wherever and whenever you see a man set to get revenge on another, you see a man who knows nothing of the true spirit of Christ (v. 55).

IV. God Wants Loving Men (I John 4:7, 8).

Love is not merely something that flows toward men or inspires in their hearts. God is love. Being God, he is love, and that love is not a passive quality but an active one. He loves.

Because he is love, those who profess to belong to him are also to love one another, to love a world lost in sin, yes, to love even the utterly unlovely.

Volumes have been written on this subject, but here we must be satisfied just to state the fact, and to ask ourselves the direct question, "Do I manifest the love of God in my life? Well, do you?"
